International Congress on Anti Aging, Psychosomatic,

21 - 27 August, 2004 / Poertschach / Woerthersee / Austria

This year the Austrian Medical Tennis Association is organising the 34th Championship of the World Medical Tennis Society from 21st to 27th of August in Poertschach am Woerthersee.

Poertschach am Woerthersee is one of the most scenic places in Austria and an ideal venue for sporting events, congresses and leisure activities. For many years sporting events, including tennis championships, have been held in Poertschach. Among these events are the European Veterans Championships (55+) and the ITF Category I Veterans Tournament as well as international team events for women (Fed-Cup) and men (Davis Cup). Last year the Austrian Davis Cup Team achieved a 3/2 victory over Belgium, which brought Austria to the Davis Cup World Group, where the best sixteen countries compete.

As Professor of Cardio-thoracic Surgery and President of the Austrian Tennis Association I have a particular interest in this event and a firm belief in the importance of a combination of sport and medicine for health and well-being. With this in mind I hope that all participants enjoy the tournament and retain pleasurable memories of their stay in Poertschach .

On behalf of the Austrian Tennis Association I would like to thank Doris Trubert-Exinger MD and Heinz Pflueger MD, and their team, for organising this event. I would also like to thank all the sponsors for their invaluable support.

I wish all participants and their companions a relaxing and enjoyable stay on the shores of this most beautiful of lakes, the Woerthersee.
